

SoloSeries₄₅

Easy and Economical Printing

This inkjet printer delivers the high resolution printing you need at the price you want.

SoloSeries 45 Features & Benefits:

- Three controller options: PC-based (with included software), Solo Handheld or Marksman Duo IPC
- Single line $\frac{1}{2}$ " font or $\frac{1}{4}$ " font for dual line
- Fully featured software including built-in autcodes, such as date, time, count and expiration
- Compact, rugged enclosure with hinged cover to protect HP pen and allow for easy replacement
- Serial port at printhead for flexibility
- Purge button for easy cleaning of cartridge
- In/Out port for daisy chaining up to four printheads

The SoloSeries 45 has been engineered and designed to work with FoxJet branded ink cartridges. The SoloSeries 45 Smart Level Ink Detection System, which provides ink level monitoring to ensure complete ink usage and product safety, is non-functional if used with non-FoxJet ink cartridges.
